

# PRESENTATION FOLDER PVH LARGE

NO. 900960.08

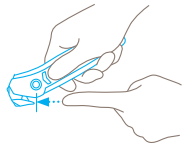

## PRODUCT OVERVIEW

**martor**

### Safety technologies

#### SECUMAX

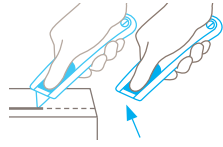

##### Concealed blade

The blade is not open, rather concealed, shielded from both people and goods alike. Giving you a maximum degree of safety from cut injuries whilst cleverly protecting your goods.

#### SECUPRO

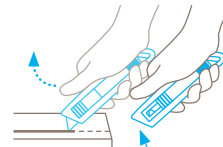

##### Fully automatic blade retraction

The intelligent cutting tool: as soon as the blade leaves the cutting material, it with-draws automatically into the handle - without your having to do anything. That's what we call "a very high degree of safety".

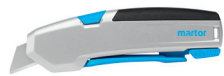

#### SECUNORM

##### Automatic blade retraction

Thumbs up for a high degree of safety. As soon as you start cutting, let go of the slider. The blade will disappear into the handle the moment it loses contact with the material being cut.

#### SECUPRO

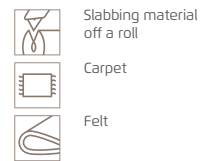

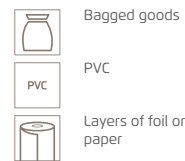

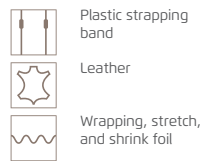

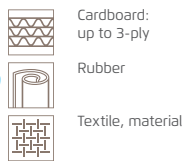

**SECUPRO 625**  
NO. 625001.02

**TRAPEZOID BLADE NO. 60099**  
NO. 60099.70
